8. (VUAS-econ_T_8:S8) General comments about the Teaching Assistant:

He was very responsive and helpful over e-mail. He was an amazing TA because he was so approachable and knowledgeable on the subject. He genuinely cared about the success and future of his students. For example, I asked him for a recommendation for which economics courses to take next semester, and he replied with a very detailed response with an evaluation of the material and professors of certain courses.

Mason was great in answering questions about the projects.

Mason was very good and very willing to help.
